To Whom It May Concern;

I have had the pleasure to work with the team at Galway Companies, Inc for approximately the last two years as my property manager. As the owner of 6 retail locations in Wisconsin I have experienced many different property management companies. Over the years I have had my share of good and bad management companies. I am very confident to highly recommend Steve Doran and Galway Companies, Inc.

Traits and qualities of people I like to associate with or do business with include honesty, courtesy, respect, being a person where your word means something, integrity, follow through, and timeliness. The team at Galway Companies, Inc, in my experience, exemplifies all of these traits and qualities.

Feel free to contact me if you have any questions regarding my comments.

Sincerely,

  
Tom Merryfield  
Owner
